

On June 19, 2001 – Diane received the following letter:

*Dear Diane,*

*Thanks very much for getting back to me. We have spent the last seven years raising the \$160,000 necessary to completely refurbish the beautiful 470-seat De La Salle Theatre and in re-equipping it to the highest specifications. It has recently re-opened as a community theatre and is doing very well. I am also delighted to say the college to which the theatre is attached has just achieved the prestigious status of Specialist College for the Performing Arts.*

*We are currently working on the foyer of the theatre, in which I would like to feature an exhibition of framed photographs of actors and actresses from the stage, cinema, and television. Hence the contact. I would be extremely grateful if you would agree to send a signed 10x8 headshot of yourself for me to include in the exhibition.*

*May I also take this opportunity to wish you all happiness and every success*

*With best wishes,*
